Dear Friends, Since 2007, **FreedomFest** has become the event of the year where freedom lovers gather to network and socialize while learning about politics and finance, history and philosophy, health and well being, science and technology, literature and the arts, and sound economic theory.

In 2017, we're celebrating our 10th anniversary with a **spectacular cruise up the fabled blue Danube** to the birthplace of the **founders of the Austrian school of economics**, Friederich Hayek and Ludwig von Mises. We have personally designed this tour to include renowned experts in academia, politics, and finance; elegant private receptions; and a special Mises/Hayek walking tour led by Hayek's own great grandnephew. This is an opportunity of a lifetime. We can't wait to share it with you.

Please join us as we experience the beautiful, historic destinations along the Danube, including **Budapest, Bratislava, Vienna, the Wachau Valley, Linz and Salzburg**, all while sailing in luxury aboard Uniworld's river super ship, the *S.S. Maria Theresa*, during the 300th anniversary of her namesake's birth. You will enjoy history, art, architecture, music, exquisite food and wine, and the best of both Eastern and Western European culture. We also recommend the optional pre-cruise extended tour of Budapest and the post-cruise visit to the utterly enchanting European capital city of Prague.

During the cruise, we'll discuss today's political landscape, its impact on the markets and investments, and **proven strategies that build wealth and produce safe, steady income** with some of FreedomFest's best financial speakers. You'll not only come away with beautiful memories of Europe and our spectacular cruise together; **you'll take home strategies to improve your life, your wealth and your future.**

We've hosted numerous cruises over the years, and some of our very best friendships have been forged as we travel. We hope you'll be numbered among them. Read on to learn more, and make your plans today to be part of this unforgettable experience.

Our day begins with the Global Financial Summit providing the most effective strategies for investing in today's uncertain world and volatile market environment. We'll discuss estate planning, your investments and the Austrian theory of business and economics.

INCLUDED EXCURSIONS: In the afternoon, you may **choose one of two ways** to discover the wonders of the Danube. Savor the beauty of both Buda and Pest on a panoramic tour showcasing key highlights. Or, if you prefer to experience the city as the locals do, then take a ride on the metro; stop at a lively market hall; visit the oldest and most beautiful garden in the city, Károlyi; and explore the National Museum. **Cap your day off with the Captain's Welcome Reception and Gala Dinner.**

DAY
3

TUESDAY, SEPTEMBER 26 | Bratislava and Transfer to Vienna *via Motor Coach*

For the next two days, we will experience the historic birthplace of the **Austrian school of economics—Vienna**, the capital of the Austro-Hungarian empire and the cultural, intellectual and political center of Eastern Europe prior to World War I. Located on the beautiful Danube, Vienna is famous for its museums, palaces, parks, opera houses, and cafes. From the late 18th century to the early 20th century, Vienna attracted some of the world's most creative musicians, scientists, philosophers and economists. We have personally designed a tour focused on the historical, cultural, political and financial significance of Vienna.

After arriving at Bratislava midmorning, our group will leave the ship to begin this extraordinary two-day event. It begins with a private walking tour of Bratislava, the charming capital of Slovakia, with free time for lunch **before boarding a motor coach to Vienna**, arriving several hours before the ship. Along the way, Dr. Mark Skousen, author of *The Making of Modern Economics*, will share insights and anecdotes about the great Austrian philosophers.

Barbara Kolm, president of the Austrian Economics Center, **has arranged a private seminar** with respected experts in Austrian economics and political philosophy to prepare us for our experience in the footsteps of the Austrian philosophers. Following the seminar, **Dr. Kolm has invited us to her elegant home for cocktails, hors d'oeuvres and social hour.** We will return to the ship for a late dinner.

DAY
4

WEDNESDAY, SEPTEMBER 27 | Vienna

The magnificent **Kunsthistorisches Museum** will open early exclusively for the passengers on the *Maria Theresa*. There you will see the Habsburgs' imperial treasures and works of art by Rubens, Rembrandt, Dürer, Titian and more. Then we'll begin our **Grand Tour of Vienna, beginning with lunch and a tour of two private banks in Vienna**, organized by Daniel Zurbruegg of Swiss Infinity Global Investments, where you will learn more about private banking and commodity storage.

Our visit culminates in a **guided walking tour of key landmarks** tied to the **famous founders of Austrian economics, Friedrich Hayek and Ludwig von Mises. Dr. Kolm and Hayek's own great grandnephew, Dr. Zundritsch, will lead this unforgettable tour** as we pass by the Chamber of Commerce where Mises and Hayek worked; Credit Anstalt, whose catastrophic collapse Mises correctly predicted; the town walls next to Hayek's grammar school; and Viennese cafes where Mises and Hayek often gathered with their students for informal discussion. Along our way a professional actor will sing songs associated with Mises, share anecdotes, and recite personal letters from Hayek's collection. **This very special visit to Vienna is not likely to happen again.**

We will return to the ship in the afternoon to rest and freshen up before our onboard gourmet dinner, followed by an elegant evening enjoying a **private "Royal Anniversary" concert in a former palace**, celebrating *Maria Theresa's* 300th birthday and legacy in the arts, the perfect ending to an unforgettable two days.
